## Breathtaking splendor in the heart of Mozart's city

Behind the facade of the Salzburg Residence is hidden the episcopal city palace with its sumptuously furnished state rooms from three eras - as part of the new DomQuartier Salzburg.

The cathedral and Residence were symbols of archiepiscopal power and still form the historic city center of Salzburg - a unique work of Baroque art in Europe. For 200 years, the passages between the archiepiscopal palace and the cathedral as well as the art chamber and the picture galleries remained closed. With the establishment of the DomQuartier, the original unit of the cathedral and residential complex - including the Benedictine monastery of St. Peter - was restored.

### OPENING HOURS

DomQuartier  
Daily opened (except Tuesday) 10:00 am to 5:00 pm \*  
July and August open every day (Wednesday until 8 pm)
